

EX-Q1A Series

Hazardous Location LED Low Bay Light

EX-Q1A

Hazardous Location LED Luminaire

The Q1A Series LED luminaire is the ideal choice for hazardous applications. They can be used in locations where moisture, dirt, dust, corrosion and vibration may be present, or areas where wind, water, snow or high ambient can be expected. Featuring various shapes of driver box cover, this series is designed to meet different requirements of installations.

Compliance

UL 844 Hazardous Locations
Class I Division 2, Group A, B, C, D
Class II Division 1, Group E, F, G
Class II Division 2, Group F, G
Class III
Class I, Zone 2, Group IIA, IIB, IIC
Zone 21 or 22
UL1598
UL1598A
ABS
IP66
IK08 (without wire guard)
IK10 (with wire guard)

Applications

- ✓ Heavy Industrials Storage Facility
- ✓ Paper Mills
- ✓ Chemical Processing Facility
- ✓ Power Plants
- ✓ Petrochemical Processing Facility
- ✓ Offshore Environments
- ✓ Wastewater Treatment Plants
- ✓ Food and Alcohol Industry

Technical Parameter

Electrical

Model	EX-xxxW Q1A* YZDEFGHIJKLM
Rated Power (Adjustable.)	20W(30W)/40W(50W)/60W
Input Voltage	100-277Vac / 277-480Vac
Frequency	50/60Hz
Power Factor	> 0.95
Emergency	Optional

Optical

Model	EX-xxxW Q1A* YZDEFGHIJKLM
Lumen Output	3000-9000lm
Efficacy	150lm/W
CCT (Adjustable.)	4000K/5000K/6000K
CRI	> 70
Beam Angle	120°
Dimming	0-10V dimming optional

Environmental

Model	EX-xxxW Q1A* YZDEFGHIJKLM
Ambient Temperature	-40°C to +40°C; -40°C to +50°C; -40°C to +65°C

Mechanical

Model	EX-xxxW Q1A* YZDEFGHIJKLM
Housing	Copper-free aluminum
Diffuser (Optional)	Flat glass/Flat polycarbonate/ Convex glass/Convex polycarbonate
Hardware	Stainless steel
Protection	IP66/IK08 (without wire guard)/IK10 (with wire guard)
Mounting	Ceiling, Surface, Pendant, Wall, Stanchion 25°
Cable Entries	3/4" NPT (standard); 1/2" NPT, M20 or M25 (optional)
Warranty	5 years

Power and CCT Adjustable

Power and CCT Adjuster

- (1) Power Adjuster:
Connect to the 0/1-10V dimming port of the LED driver.
- (2) CCT Adjuster:
Connect the output voltage of the LED driver: DC20-60V
LED driver maximum no-load output voltage: 68V max
- The three-gear power setting principle is as follows:
The first gear is 100%, the second gear is 70-80%, and the third gear is 50-60%. The minimum setting cannot be lower than 50%.

Operating Instructions

S1 DIP switch - Red (S1 Power adj.)

The power adjustment dial switch can be set to three power levels, and the factory default setting can be defined according to order requirements.

1. First gear (Max. power), 100% full power.

Operation instructions: Dial 1 and 2 are both in the OFF position;

Example: 100W

2. Second gear (Mid. power), 70%-80% power, can be set according to the required power.

Operation instructions: Dial 1 is in the ON position, Dial 2 is in the OFF position;

Example: 80W

3. Third gear (Min. power), 50%-60% power, can be set according to the required power.

Operation instructions: Dial 1 is in the OFF position, Dial 2 is in the ON position;

Example: 60W

S2 DIP switch - Blue (S2 CCT adj.)

The color temperature dial switch can be set to three levels of color temperature, and the factory default setting can be defined according to order requirements.

1. First gear, the cold white temperature gear, for example, 6000K.

Operation instructions: Dial 1 and 2 are both in the OFF position;

6000K

2. Second gear, the neutral temperature gear, for example, 5000K.

Operation instructions: Dial 1 is in the ON position, and Dial 2 is in the OFF position;

5000K

3. Third gear, the warm white temperature gear, for example, 4000K.

Operation instructions: Dial 1 and 2 are both in the ON position;

4000K

Photometric

Mounting Methods

Option 1: Ceiling Mount

Note: Surface mounting is suitable for model with driver box cover A.

Option 2: Wall Mount

Note: Wall mounting is suitable for models with driver box cover C.

Option 3: Stanchion 25° Mount

Note: 1. Stanchion mounting is suitable for models with driver box cover D.
2. The thread of the lamp pole interface is 1-1/2" NPT.

Option 4: Pendant Mount

Note: Pendant mounting is suitable for models with driver box cover B.

Option 5: Surface Mount

Note: 1. U bracket is standard accessory that is included in the packaging.
2. Surface mounting is suitable for models with driver box cover B.
